Oliver Stone On 'Nightline'

New York

Oliver Stone, the director-writer whose film "JFK" has gotten enough advance publicity to make a press agent's year, will be the sole guest on ABC's "Nightline" (tonight at 11:30, Channel 7), a spokeswoman said.

Stone will be interviewed in Dallas by "Nightline" anchor Ted Koppel in Washington, ABC said yesterday.

Stone's movie dramatizes conspiracy theories on the assassination of President Kennedy.
